

The York Manufacturing Company, of Racine, Wis., and the situation is considered as a matter of the York merchants. One who combines cotton with banking said to-day:

"The closing of the Amoskeag mills will undoubtedly be followed by the closing of other large manufacturing concerns in New England, and perhaps New York. It will be done as a precautionary measure to prevent a large accumulation of goods during the autumn. There is already a large accumulation of goods, which would be forced down in price if the production continued at the present rate. A large proportion of these are goods for the spring trade. In view of the present financial disasters, it is hardly to be expected that the country will have quite recovered from the slump by spring, so that trade then will probably be anything but brisk. In view of the present demand, therefore, it is but natural that the mills should diminish their output accordingly. This is best done by stopping work altogether and then saving the heavy expense of keeping up the power besides a whole month's wages. A month's wages for the Amoskeag plant and the cost of the power to run it amounts to \$25,000. This is the best time of the year for such a measure, for many of the operatives wish to take vacations during the summer. The mills at least stand the enforced idleness better than in winter, when their living expenses are so much higher. If the mills had not decided to close down they would probably have had to do so in December, when it would have been a very serious matter for the operatives."

Dullest Ever Known.

NORWALK, Conn., July 20.—Norwalk manufacturers are experiencing the dullest season they have ever known. Hutchins, Cole & Co., shirt manufacturers, have been shut down three weeks. Kott & Goldsmith, corset manufacturers, employing nearly five hundred operatives, one of the largest concerns of the kind in this country, are idle. Several hat shops, employing hundreds of men and women, are doing practically nothing, and to-night the Norwalk Lock Company laid off one hundred men indefinitely because of idleness of their business men, say although they are selling some good collections as deplorably poor.

First Shutdown in Thirty Years.

PORTLAND, Me., July 20.—At a directors' meeting to-day it was decided to shut down the mills of the Westbrook Manufacturing Company, makers of gingham, from July 20 to Sept. 4. The monthly pay roll is \$20,000. There are three reasons that unite to cause the shutting down. The goods now being manufactured cannot be sold until October, no money can be realized on them until next spring, and it is not deemed advisable to pile up goods. The mill has been in operation thirty years without a shutdown.

Milton Mills to Take a Rest.

MILTON MILLS, N. H., July 20.—The agent of the Wampanoag Company has issued orders for closing the mills here for three months as soon as the goods now in process of manufacture be finished. The reason assigned for this action is a lack of orders, except at ruinous prices. This is the first time in the history of this company that work has been ordered to cease. About the condition of the markets, and the result of the present action will be a serious blow to many employees who are dependent on their earnings in these mills for support.

One Thousand Thrown Out.

PLATTSBURG, N. Y., July 20.—The Chateaugay Ore and Iron Company, whose mines and iron foundries are located at Lyon mountain, closed down to-day as did also the Crown Point Iron Company mines and ironworks at Crown Point. The cause given is idleness of the market. About a thousand men are thrown out of employment. The principal stockholders of both companies are New Yorkers.

Only Mills in Town Stopped.

FONDA, N. Y., July 20.—The only manufacturing establishment at Fonda is a knitting mill, and in consequence of the prevailing depression in business, it has shut down until further notice. The Fonda Knitting Company, at Fonda, N. Y., also closed. It is the only manufacturing enterprise in that village.

Pepperell's to Close.

BIDDEFORD, Me., July 20.—Number 3 Pepperell mill, in which a fine grade of cotton goods is manufactured, will shut down to-morrow for a week.

THE BOYCOTT SUSTAINED.

MINNESOTA Supreme Court Says It Is Right. See Court Decision on Page 1.

ST. PAUL, Minn., July 20.—A very important decision was handed down by the Supreme Court to-day, which has a wide bearing on labor and capital alike. It is the case of the Hohn Manufacturing Company, of this city, against W. C. Hollis et al., representing the Northwestern Lumbermen's Association. This case excited a great deal of interest a few months ago when it first came up. The Hohn Manufacturing Company was a member of the association, and the constitution provided that no wholesale dealer shall sell goods at any place at less prices than retail dealers. The Hohn Manufacturing Company was accused of violating the agreement, and notified by the secretary that a circular would be sent to all members notifying them of the fact. The Hohn company served an injunction on Secretary Hollis, on the ground that its business would be seriously injured by such action. The lower court sustained the plea and granted a permanent injunction against the boycott. The order of the lower court was reversed to-day's decision, for the reason that the Hohn company being a member of the association, should conform to its rules, and hence had no ground for an injunction.

The Supreme Court holds that any man, unless under contract obligation, or unless his employment charges him with some public duty, has the right to refuse to work for or deal with any man or class of men he sees fit, and this right, which one man may exercise singly, any number of men may exercise jointly. The court's opinion, which is quite a long one, is a review of the history of the case, and then says that it represents one phase of a subject which is likely to be the most important and difficult which will confront the courts during the next quarter of a century.

"This is the age of associations and labor unions," continues the court. "Confining to their proper limits, they are not only lawful, but laudable. Carried beyond their limits, they are dangerous and dangerous agencies for wrong and oppression. Beyond what limits these combinations cannot go without interfering with the legal rights of others is the problem which the courts will doubtless be frequently called to pass upon."

THE FLINT-GLASS MEN.

John Kuzler, of Marion, carries off the Secretaryship Plume.

MARION, Ind., July 20.—The Flint glass men's convention was occupied during the forenoon, to-day, with amendments to the constitution, chief of which is a provision for an assistant secretary at \$1,000 salary. This afternoon officers were elected. President Smith and Vice President Hinkle were re-elected by a unanimous vote. John Kuzler, of Marion, was chosen secretary and W. J. Clark, of Pittsburg, was made assistant. An effort will be made to complete the work of the convention to-night. An executive board of thirty members is yet to be chosen and a place for the next meeting to be decided upon.

243,000 Miners May Strike.

LONDON, July 20.—Delegates representing 243,000 coal-miners in various parts of the country met in Birmingham yesterday to consider the proposal of the mine owners to reduce wages 25 per cent., the cut to go into effect on July 23.

The Miners' Federation continued its conference at Birmingham to-day. Much interest is manifested in the proceedings, as on the question of the conference depends the question whether there shall be insurrection the greatest strike England has ever seen. The delegates of the Miners' Federation, who are in the majority, decided that the proposed reduction would

not be acceptable to the miners. In some of the mining districts the men have not been notified by the mine owners of the proposed reduction, and in these districts there has been increased activity in getting out coal to supply merchants, who are anxious to procure large supplies before a national strike shall have been ordered. The federation was, of course, well aware of the attempts of the mine owners to have an extra quantity of coal mined to form a national strike could be disposed of at advanced prices should a strike be inaugurated, and to-day the mine owners took the conference to block this scheme. It was decided to call out all the men who have received notice of a reduction.

Gallagher Says All Were Guilty.

PITTSBURG, July 20.—The proceedings to obtain a pardon for ex-District Master Workman Hugh Dempsey, of the K. of L. now confined in the penitentiary for complicity in the Homestead poisoning cases, received a setback to-day. Patrick J. Gallagher, whose retraction of his evidence in court was the basis of the application for Dempsey's pardon, refused to sign or make affidavit to the retraction, and finally sent for District Attorney Harleigh, whom he told that his testimony in court was correct. After a three-hour examination of Gallagher by the district attorney, the penitentiary, and said to a reporter that Gallagher had sworn that his retraction was correct, and that he, Dempsey, Healey and Davidson are guilty, as charged. Since the attorneys for Dempsey have put in their application for a pardon they will go through with it, if they withdraw it, they would have as much trouble in the future to get a rehearing as they would if they go through with it now and are refused.

Failure to Sign Scale No Surprise.

REVIEW, July 20.—The Iron Trade Review to-day says: "Announcement from Pittsburgh that the manufacturers and the Amalgamated committee had separated finally without an agreement on the general iron and steel scale is an outcome that might have been predicted from market conditions prevailing since the conference began, three weeks ago. Very little buying of pig iron is reported in any market, but makers are content if the supply be kept down proportionately. While they admit very low quotations in some cases to get business, it is asserted that the price of good iron is kept fairly steady. The estimated production of pig iron in the first half of the year, \$382,708 tons, is about 4 per cent. less than the actual production for the first six months of 1932. It is evident that the record for the coming six months will fall considerably below the price of good iron produced in the latter half of last year."

Two Hundred Boiler Makers Strike.

ST. LOUIS, July 20.—Just as the clock struck the dinner hour, 12 o'clock to-day, two hundred boiler makers and sheet iron workers quit work in the boiler yards of Rohan Bros., Wampler, Garstang and O'Brien. The proprietors of each of the above named establishments had been working for nearly a month, and the sheet iron workers ten hours pay for nine hours work that these tradesmen would do on a strike. The request was refused, and the mechanics made good their threat, left the shops and did not return.

Another Steel Works Closed.

BALTIMORE, July 20.—A third furnace of the Maryland Steel Company at Sparrows Point was banked last night, throwing all the furnaces which had been in operation out of blast. About three hundred laborers are out of employment from the shut down of the Sparrows Point steel works. Three days in the week will use the supply of pig iron which has accumulated at the works.

THE CRISIS IS NOT REACHED.

[Continued from First Page.]

Free-coinage speeches were made by ex-Archbishop John N. Ryan and Congressman John Davis, both Republicans. The committee on resolutions was held in its work by Congressman Bryan of Nebraska, who prepared them. The address presented resolutions declared in favor of the gold and silver money of the Constitution. It then made a hit at Secretary of the Interior Clegg, who, in the opinion expressed by Hon. John G. Carlisle in 1878 that the movement to totally demote silver is a stupendous error, and that the only way to interest of all countries to increase the value of one-half of the world's metallic money by destroying the other half. We further agree with the Secretary of the Treasury in the then expressed opinion that the successful consummation of that conspiracy would be more disastrous to the people of this world than war, pestilence and famine."

The resolutions declare opposition to a universal gold standard, because the gold coin of the world would not afford a sufficient basis for a currency adequate to the needs of commerce. They express belief in the necessity of a permanent and stable coinage of both gold and silver at a fixed ratio to be necessary. The action of Eastern States is denounced as selfish and inconclusive. In conclusion, the following resolution was adopted:

Resolved, That we demand of our Senators and Representatives that they oppose the repeal of the silver law of July 13, 1890, and the adoption of a law placing silver back where it was prior to its demonetization in 1873. We demand that no money be coined or put into circulation, directly or indirectly, with any foreign nation as to what the money or currency of the United States shall be.

The adoption of the resolutions was followed by a speech by their author, Congressman Bryan. A Representative of the Ten-Per-Cent Tax. CLEVELAND, July 20.—Secretary of Agriculture Morton was in the city for a few hours yesterday. Asked last night as to whether or not the tax on the circulating medium will be repealed, Secretary Morton stated that he did not know. "No man can tell what the next Congress will do," he said. When asked whether or not he would support the repeal of the ten-per-cent tax, it seems to have the purpose of destroying business. Of course, however, I don't favor it. I don't like it. He spoke entertainingly on the modern mode of banking business, showing how largely the Americans are a people of faith in their business dealings. He said he had done on paper nowadays, said he "and is a good thing." The Secretary left last evening for Detroit.

Chicago Opera Company.

CHICAGO, Oct. 20.—Negotiations are in progress for the formation of a new musical organization, to be known as the Chicago Opera Company, and to be owned and controlled by half a dozen rich Chicagoans. The scheme is carried out the company will include no one except Chicago artists. Among the names are Lillian Russell, Edna Gable, George H. Broderick, Marie Engel, Ad Somers and many others, all Chicagoans. The idea is that such an organization could advertise the artistic side of Chicago.

Seven Men Plunged in a Cellar.

HICKSVILLE, L. I., July 20.—A pickle salting business being carried on at McGraw, collapsed here to-day, and seven carpenters at work on the west end of the structure were thrown into the cellar and severely injured. The injured are Joseph Brockman, Jacob Desheimer, Martin Drown, Daniel Mathelet, Rowland Robinson, Joel Titus, August Wimborg. The accident was due to one of the carpenters removing a brace while building a scaffold.

Losses by Fire.

REYNOLDSVILLE, Pa., July 20.—The Reynoldsville woolen mill, Sykes, Allen & Moorehouse, proprietors, was destroyed by fire at 9 o'clock this morning. The loss is placed at \$100,000; insurance, \$50,000. The building, 110 x 20 ft., was occupied by the Eighteenth-street telephone station and several business concerns was destroyed by fire to-night. Loss estimated at \$100,000.

Cardinal Gibbons' Jubilee.

BALTIMORE, July 20.—Sunday, Oct. 15, has been chosen as the date for the celebration of Cardinal Gibbons' jubilee, and Mr. McKeon, vicar-general of the Archdiocese of Baltimore, has arranged a programme for the occasion, which, at the Cardinal's request, will be a most impressive, although most solemn and impressive, besides being attended by the representatives of the Catholic Church in America.

TROTTING ON A FAST TRACK

Touch-Me-Not Sent a Mile in 2:11 1-2, Giving Anderson a New Record.

Hamlin's Nightingale Takes the Free-for-All at Detroit and Holds the 2:15 Trot—Running Events and Race Games.

Special to the Indianapolis Journal.

ANDERSON, Ind., July 20.—Better racing events have not occurred in the central Indiana circuit this season than were witnessed at the Anderson Driving Park this afternoon. The events were the 2:17 pace, 2:28 trot and the 2:35 pace. More than two thousand people were on the grounds. The track was in good condition and the weather all that could be desired. Dolly Brown, a bay mare, owned by Jones & Son, of Rushville, took the 2:17 pace and got a new mark of 2:10 1/2, two seconds better than her previous record. Dolly was hand pressed by Howe in the last heat. Lady Roberts, also a Rushville mare, won the 2:28 trot by apparent ease, field seven horses scored five times for the world in the 2:35 pace. Kismet had the pole, with Gray Dahl, and Touch-Me-Not following. They set a fast clip to the quarter, where Touch-Me-Not took the lead and gradually pulled away from the field. Dr. H. went off his feet and barely escaped the wire. In the second heat Dr. H. was steady and paced the gait mare off her feet at the first turn. The Tennessee stallion took like a whirlwind and distanced his victor in the previous heat. Dr. H. took the succeeding heat. The road was rough and horses ran down the stretch in a bunch. Touch-Me-Not was sent a mile in 2:11 1/2, making the half in 1:05. Summaries:

2:17 pace, 2:28 trot, 2:35 pace, 2:40 trot, 2:45 pace, 2:50 trot, 2:55 pace, 3:00 trot, 3:05 pace, 3:10 trot, 3:15 pace, 3:20 trot, 3:25 pace, 3:30 trot, 3:35 pace, 3:40 trot, 3:45 pace, 3:50 trot, 3:55 pace, 4:00 trot, 4:05 pace, 4:10 trot, 4:15 pace, 4:20 trot, 4:25 pace, 4:30 trot, 4:35 pace, 4:40 trot, 4:45 pace, 4:50 trot, 4:55 pace, 5:00 trot, 5:05 pace, 5:10 trot, 5:15 pace, 5:20 trot, 5:25 pace, 5:30 trot, 5:35 pace, 5:40 trot, 5:45 pace, 5:50 trot, 5:55 pace, 6:00 trot, 6:05 pace, 6:10 trot, 6:15 pace, 6:20 trot, 6:25 pace, 6:30 trot, 6:35 pace, 6:40 trot, 6:45 pace, 6:50 trot, 6:55 pace, 7:00 trot, 7:05 pace, 7:10 trot, 7:15 pace, 7:20 trot, 7:25 pace, 7:30 trot, 7:35 pace, 7:40 trot, 7:45 pace, 7:50 trot, 7:55 pace, 8:00 trot, 8:05 pace, 8:10 trot, 8:15 pace, 8:20 trot,
